**ELIGIBLE WORK**

Measures taken before, during and after a disaster to save lives, protect public health and safety, and protect improved public and private property. In order to be eligible, emergency protective measures for property must eliminate or lessen immediate threats of significant damage to improved public or private property through measures that are cost effective.

*Note: FEMA may require a certification by local, State and/or Federal officials that a threat exists, including identification and evaluation of the threat and recommendations of the emergency work necessary to cope with the threat.*

**ELIGIBLE COSTS**

**Category B: Emergency Protective Measures**

Emergency Protective Measures are actions taken before, during and after a disaster to save lives, protect public health and safety, and prevent damage to improved public and private property. This includes emergency response activities such as fires suppression, law enforcement and other essential assistance, emergency communications, emergency access, and emergency public transportation.

Examples of other eligible emergency protective measures applicable to this event are, but not limited to:

- Provision of food, water, ice and other essentials
- Search and rescue
- Security forces (police and guards)
- Emergency repairs
- Provision of shelters or emergency care
- Emergency demolition
- Bracing/shoring damaged structures
- Removal of health and safety hazards
- Warning devices (barricades, signs, and announcements)
